GRANT FUNDERS

WELCOME TO THE 50TH NOVICE TOUR OF MANAWATU

Bike Manawatu welcome riders and families from all over the country to the landmark 50th Novice tour. These tours don't happen by themselves and firstly we must acknowledge the support from our valued Sponsors who support Bike Manawatu all year round. Manawatu District Council, Grant funders Pub Charity whose support have allowed us to once again, stage a top-class event for our Junior riders. Our close working relationship with Manawatu School Cycling and Tri club is valued and one that we intend to nurture.

After much consultation with riders, parents, schools, and the organising group we find ourselves holding Novice Tour in August. It was important for us to have the tour in the winter sporting months to line up with schools cycling calendar and College Sport Auckland. Credit at this time must go to Logan Townsend who we have worked with to secure not only the date that we have, but also a combined understanding for junior tours to support each other from year to year. We are confident that working together all junior events and their riders will reap benefits in the years to come.

This year Novice Tour has evolved again to add another stage on Saturday afternoon with a short sharp hill climb. With medals up for grabs on all stages over all grades, let's hope we can see some riders on the podium for what could be their first time.

Leaving the ITT till last adds suspense right till the end. It was a formula that worked very well last year and one that we will continue. Our Saturday Road race sends all our riders out to the Cheltenham humps after last year only U17 and 19 ventured out that way. There is an extra challenge with our U19 men sending them up Mangaone hill on their second lap. Saturday will be a busy day.

Sunday mornings road race doubles as a good shake down for Schools Nationals using the same course. A straight forward but technical course.

An event like this takes a massive effort to run. As mentioned before our Sponsors and Grant Funders but also our army of volunteers who are essential in making events succeed. Our organising committee led by Mike Craine, Jo Coxon and the every reliable Keryn Paekau have stepped up again as they have over many years. Our valued Board Members, Mark Evans, Parents, and club members all put their hands up when our big events need their support. The Halcombe community welcome us every year with our racing. Please show your gratitude by respecting their town, supporting the businesses, and leaving no rubbish in the town or on the course

Cycling landscape and clubs are in a challenging space. The ever-changing landscape of traffic management requirements, the undeniable interruptions of Covid, cost of living, education disruptions all take their toll of people's discretionary spare time. Bike Manawatu's vision of giving all cyclists the opportunity to compete at their own level in an encouraging climate go hand in hand with other aims of improving Road safety awareness, opening up new opportunities of social riding tours, track racing at the Feilding Velodrome...the

list is long and constantly evolving. Our aim is to continue to support neighbouring cycling clubs, schools cycling and recreational riding.

The previous winners list at the back of the booklet is a who's who of New Zealand Cycling. If you ever need to have inspiration, read on.

Race hard, race fair, Enjoy the opportunity.
